

April 8, 2009

FOR IMMEDIATE RELEASE

The Northern Lightning Sprint Association is pleased to announce that PTC Instruments (Racing Division) has become the Official Tire Durometer of the NLSA.

“Our membership has proven that they are committed to ensuring a fair playing field for everyone on the race track. The addition of a high-quality PTC Durometer is just one more piece of the puzzle to help keep Lightning Sprint racing competitive and growing for many years to come”, said NLSA President Darren Pallen.

John Marcus (PhD), President and C.E.O. of PTC Racing Division says “We are committed to helping the Northern Lightning Sprint Association achieve their goal of creating a fair and stable racing platform. It is a proven fact that a tire hardness verification program is an important component towards reaching that goal”.

About the Northern Lightning Sprint Association:

Created in September of 2008, the Northern Lightning Sprint Association is a rapidly growing organization committed to the creation and maintenance of safe, fast, fun, and affordable open wheel racing. Many of the organization’s members are dedicated to helping charities such as the Children’s Hospital Foundation and Cancer Care of Manitoba. More information can be found at www.nlsprints.com
